CHAPTER XI.

GERALD BROWER, who was a baby when I came to live at Faraway and was now eleven, had caught a cold in seed time, and he had never quite recovered. His coughing had begun to keep him awake, and one night it brought alarm to the whole household. Elizabeth Brower was up early in the morning and called Uncle Eb, who went away for the doctor as soon as light came. We ate our breakfast in silence. Father and mother and Grandma Bissette spoke only in low tones, and somehow the anxiety in their faces went to my heart. Uncle Eb returned about 8 o'clock and said the doctor was coming.

Old Dr. Bigsby was a very great man in that country. Other physicians called him far and wide for consultation. I had always regarded him with a kind of awe intensified by the aroma of his drugs and the gleam of his lancet. Once I had been his patient, and then I had trembled at his approach. When he took my little wrist in his big hand I remember with what reluctance I stuck out my quivering tongue, black, as I feared, with evil.

To Make a Bride

Many a woman would make a beautiful bride but she is deterred from entering the married state because of ill-health.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

The proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"If women would study the laws of health and use a little more common sense there would not be such a large number to-day suffering with the peculiar to our sex," writes Mrs. Sallie Martin (President Mutual Social Science Club, of 180 South Halstead Street, Chicago, Ill.) "Then when medicine is needed if they would take the 'Favorite Prescription,' they would have a chance to get well. I used Dr. Pierce's Favorite Prescription three years ago and it cured me of female weakness of several years' standing, so I know what I am talking about when I praise it and always know what the result will be where it is used."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

NICHOLS' 515 Arch St. Bloomington

As soon as he was fairly started with this droll narrative the strain of the situation was relieved. We were all laughing as much at his deliberate way of narration as at the story itself.

Suddenly he turned to Elizabeth Brower and said very soberly, "Will you bring me some water in a glass?" Then he opened his chest of medicine, made some powders and told us how to give them.

"In a few days I would take him into the big woods for awhile," he said. "See how it agrees with him."

Then he gathered up his things, and mother went with him to the gig. Humor was one of the specialties of Dr. Bigsby. He was always a poor man. He had a way of lumping his bills, at about so much, in settlement and probably never kept books. A side of pork paid for many a long journey. He came to his death riding over the hills one bitter day not long after the time of which I write to reach a patient.

The haying over, we made ready for our trip into the woods. Uncle Eb and Tip Taylor, who knew the forest, and myself were to go with Gerald to Blueberry lake. We loaded our wagon with provisions one evening and made ready to be off at the break of day.

I remember how hopefully we started that morning, with Elizabeth Brower and Hope waving their handkerchiefs on the porch and David near them whistling. They had told us what to do and what not to do over and over again. I sat with Gerald on blankets that were spread over a thick mat of hay. The morning air was sweet with the odor of new hay and the music of the bobolink. Uncle Eb and Tip Taylor sang merrily as we rode over the hills.

When we entered the shade of the big forest Uncle Eb got out his rifle and loaded it. He sat a long time whispering and looking eagerly for game to right and left. He was still a boy. One could see evidences of age only in his white hair and beard and wrinkled brow. He retained the little tufts in front of his ears, and lately had grown a silver crescent of thin and silky hair that circled his throat under a bare chin. Young as I was, I had no keener relish for a holiday than he. At noon we halted beside a brook and unhooked our horses. Then we caught some fish, built a fire and cooked them and brewed our tea. At sunset we halted at Tuley pond, looking along its reedy margin, under purple tamaracs, for deer. There was a great silence here in the deep of the woods, and Tip Taylor's ax, while he peeled the bark for our camp, seemed to fill the wilderness with echoes. It was after dark when the shanty was covered and we lay on its fragrant mow of balsam and hemlock. The great logs that we had rolled in front of our shanty were set afire and shortly supper was cooking.

Gerald had stood the journey well. Uncle Eb and he stayed in, while Tip and I got our jack ready and went off in quest of a dugout. He said Bill Ellsworth had one hid in a thicket on the south side of Tuley. We found it after an hour's tramp near by. It needed a little repairing, but we soon made it water worthy and then took our seats. He in the stern, with the paddle, and I in the bow with the gun. Slowly and silently we clove a way through the star sown shadows. It was like the hushed and mystic movement of a dream. We seemed to be above the deep of heaven, the stars below us. The shadow of the forest in the sun water looked like the wall of some mighty castle with towers and battlements and myriads of windows lighted for a fete. Once the groan of a night hawk fell out of the upper air with a sound like that of a stone striking in water. I thought little of the deer Tip was after. His only aim in life was the one he got with a gun barrel. I had forgotten all but the beauty of the scene. Suddenly Tip roused me by laying his hand to the gunwale and gently shaking the dugout. In the dark distance ahead of us I could hear the faint tinkle of dripping water. Then I knew a deer was feeding not far away and that the water was falling from his muzzle. When I opened my jack we were close upon him. His eyes gleamed. I shot high above the deer, that went splashing ashore before I had pulled my trigger. After the roar of the gun had got away in the distant timber Tip mentioned a place abhorred of all men, turned and nodded for the landing.

Uncle Eb spoke to father in a low tone, whereupon the doctor turned suddenly, with a little grunt of inquiry, and, seeing he was not addressed, sank again into thoughtful repose. I had begun to fear the worst when suddenly the hand of the doctor swept the bald peak of benevolence at the top of his head. Then a smile began to spread over his face. It was as if some feather of thought had begun to tickle him. In a moment his head was nodding with laughter that brought a great sense of relief to all of us. In a slow, deliberate tone he began to speak.

"I was over 't' Rat Tupper's 'other day,'" said he. "Rat was sitting with me in the dooryard. Purty soon a young chap came in with a scythe and asked if he might use the grindstun. He was a new hired man from somewhere near. He didn't know Rat, an' Rat didn't know him. So Rat o' course had 't' crack one o' his jokes.

"May I use yer grindstun?" said the young feller.

"Dunno," said Rat. "I'm only the hired man here. Go an' ask Mis' Tupper."

"The ol' lady had overheard him, an' so she says 't' the young feller: 'Yes, ye can use the grindstun. The hired man out there'll turn it fer ye.'

"Rat see he was trapped, an' so he went out under the plum tree, where the stun was, an' begun 't' turn. The scythe was dull an' the young feller bore on harder 'n wuz reely decent fer a long time. Rat begun 't' git very sober lookin'.

"'Ain't ye 'bout done,' said he.

"'Purty nigh,' said the young feller, bearin' down a leetle harder all the time.

"Rat made the stun go faster. Purty soon he asked ag'in, 'Ain't ye done yet?'

"'Purty nigh,' says the other, feelin' o' the edge.

"'I'm done,' said Rat, an' he let go o' the handle. 'I dunno 'bout the scythe, but I'm a good deal sharper 'n I wuz.'

"'You're the hired man here, ain't ye?' said the young feller.

"'No, I ain't,' said Rat. 'D' rather own up 't' bein' a liar than turn that stun another minnit.'

A RADICAL ACTION

Chicago Stands Committed to the Policy of Municipal Ownership.

PRACTICAL SOCIALISM

The Vote Given Judge Dunne Democratic Candidate For Mayor, Indicative of the City's Temper.

Party Politics Cut no Figure in the Election, Municipal Ownership Being the Dominating Issue.

Chicago, April 5.—A political tornado yesterday overwhelmed one of the most ruggedly unique leaders in the country. Incidentally the Republican party met defeat in a memorable effort to capture the mayoralty of Chicago. As a direct result the city is officially committed to the policy of the quickest possible cessation of private franchises for public utilities. Municipal ownership is especially threatening streetcar lines valued high up in the millions.

After winning successively four remarkable biennial fights of independents against the regular Republican party organization here, John Maynard Harlan, son of Associate Justice Harlan of the United States supreme court, was yesterday a loser as Republican candidate for mayor. The defeat is attributed to an extraordinary whirl of causes, starting with political revenge and taking in a wide sweep, embracing the most up-to-date socialism as a factor. The victor is Judge Edward F. Dunne, Democrat, who was elected by a plurality of 24,248 and received a majority of 945 of all the votes cast. He also had the distinction of receiving the greatest vote ever cast in Chicago for a candidate for the office of mayor.

Appeals to fear of domination by corporate wealth appeared to sway many voters and perhaps more than any other influence was incorrectly gauged by the Republicans. Harlan had been savagely harassed during the campaign as the reputed representative of Wall street interests intent on fastening burdensome franchise grants on the city. The Republicans, however, had figured that the voters susceptible to appeals of this kind would support the Socialist candidate, Collins, and that losses, if any, to the Republicans would be more than made up by Harlan's old-time admirers among independent voters. Estimates, however, of 50,000 votes as the total for Collins, Socialist, fell woefully short. The chief error in this respect was apparently in relation to the amount of loss from the Democrats to the Socialists. The advocates of immediate municipal ownership radically voiced by Judge Dunne out-heroded any move by Collins.

One of the amusing features that is recalled as tending to center good-natured feeling in Judge Dunne's behalf is his record as a father. He is the happy father of thirteen children.

This phase of the campaign was attended by "Pop" Anson, who has an almost equally meritorious record in family matters. Anson, the old-time hero of baseball, was the Democratic candidate for city clerk. His popularity, personally, was beyond doubt a potent help to the Democrats, who seemed to hugly appreciate his campaign statistics designed to prove that the Democracy at least in Chicago are the original and only genuine opponents of race suicide.

"Party lines and personalities of candidates were entirely forgotten in today's elections," said Judge Dunne last night. "Municipal ownership was the one great issue before the people of Chicago, and the returns show very plainly how the majority of the people of Chicago feel toward the private ownership of public utilities. It's the greatest victory that municipal ownership ever won in this country."

License Laws the Issues.

Omaha, April 5.—City and village elections were held at all points in Nebraska yesterday with the exception of Omaha, which is governed by special charter. A majority of the smaller towns elected city tickets favoring high license of the liquor business. Interest generally centered in the license issue and party lines, when drawn, usually were on the issue of "wet" and "dry."

The Result in St. Louis.

St. Louis, April 5.—The municipal election yesterday marked one of the most heated political contests in years. It may require the official count to determine the result, which at present indicates a gain for Judge John A. Talty (Rep.) for mayor, over Mayor Rolla Wells (Dem.), nominee for reelection.

Some Kansas Surprises.

Kansas City, April 5.—Elections were held in the larger cities of Kansas yesterday. The Democrats carried Kansas City, Kan., and Leavenworth, this being a revolution and entirely unlooked for in each case. Topeka elected the Republican ticket, as did Wichita.

Colorado Town's Vote.

Denver, Col., April 5.—Municipal elections were held yesterday in all cities and towns of Colorado, with the

exception of Denver. Little political significance attached to the election at any point.

Local Issues in Texas.
Houston, Tex., April 5.—Municipal elections were held yesterday throughout the state by the small cities. Only local issues were involved and generally the fights were along non-partisan lines.

No Politics in Missouri.
Kansas City, April 5.—Elections were held in many cities and towns of Missouri yesterday. In most instances the issues were local in nature and party lines were not distinctly drawn.

THEIR TROUBLES OVER

All's Well That Ends Well, Say Harry and Evelyn.

Pittsburg, Pa., April 5.—Mr. Harry Kendall Thaw and Miss Evelyn Nesbit were quietly married at 5 o'clock last evening at the home of the Rev. William L. McEwan. No announcement

EVELYN NESBIT.

of the wedding had been made and none but members of the two families were present at the ceremony. The groom's father, William Thaw, was one of Pittsburg's foremost millionaire business men and prominently connected with the early development of the Pennsylvania railroad. Miss Nesbit several years ago was a light opera singer and a small sensation was created some months ago by talk of interference on the part of the young man's family when it was reported that the couple had been married in Europe.

Bloody Arkansas Tragedy.

Batesville, Ark., April 5.—John Dow a negro went to Sulphur Springs to see his wife who was at her father's home and because she refused to return with him he drew a pistol and shot her dead. Then he shot and killed his wife's mother and another negro. His father-in-law secured a gun and shot Dow but not fatally, the latter being able to return the fire, killing his father-in-law.

Woman Resentenced to Hang.

New York, April 5.—Anna Valentia, who was convicted of the murder of Rosa Salza at Lodi, N. J., a year ago and whose attorneys have been making every effort to save from the gallows, has been re-sentenced to be hanged on Friday, May 12. Sentence was passed by Judge Garretson in the supreme court at Hackensack, N. J.

Fugitives Located.

Philadelphia, April 5.—It is authoritatively stated that two of the fugitives wanted in connection with the alleged swindling transactions of the Storey Cotton company, but whose names are not announced, had been located by the postal authorities and that their arrest will follow within the ensuing thirty-six hours.

A Receiver Wanted.

Cincinnati, O., April 5.—A receiver for the American Fruit Steamship company a \$5,000,000 corporation of which ex-United States Senator William E. Mason of Chicago is president and Leonard Gentile, Cincinnati, is secretary and treasurer, was decided upon by Judge Ferris of the common pleas court.

Garfield Goes to Kansas.

Washington, April 5.—Commissioner James R. Garfield of the bureau of corporations left today for Kansas, going directly to Topeka, where he will begin his inquiry into the methods of the oil trust in that field.

TERSE TELEGRAMS

The University of Warsaw has been officially closed.

Judge Edward F. Dunne, Democrat, is the newly elected mayor of Chicago.

The Southern Industrial Parliament will assemble in Washington on May 23 and continue until the 26th.

The United States grand jury at Portland, Ore., has resumed the investigation of the land frauds in that state.

The report of the betrothal of King Alfonso of Spain to Princess Patricia of Connaught is officially declared to be unfounded.

The severest earthquake in the memory of the inhabitants did considerable damage in Lahore and several other towns in India Tuesday.

Fire destroyed the main building of the Texas I. O. O. F. widows' and orphans' home, together with all of its contents. The loss is \$100,000.

A fulminate explosion in one of the buildings of the Union Metallic Cartridge company at Bridgeport, Conn., wrecked the building and killed three men.

TALK TO HOOSIERS

The President Much Impressed With Hurried Trip Through Indiana.

MAKES A NEAT SPEECH

At Huntingburg He Tells the People It Is a Great Pleasure to Meet and Greet Them.

The Warmth of the People at the Points Passed Through Gratified Chief Executive.

St. Louis, April 5.—From Louisville to St. Louis President Roosevelt took more than a passing interest in Indiana and Illinois, the two states through which his special train passed. He discussed with his guests the relative merits of the states from an agricultural point of view and the warmth of the people as displayed at the various places the special stopped or hesitated. At a dozen or more towns the train slowed down and at most of these great crowds were at the depot cheering as long as the train was in sight. He made three speeches en route. They were at Milltown, Ind., Huntingburg, Ind., and Mt. Vernon, Ill. At East Junction, near Princeton, Ind., where a change of engines was made, the president jumped down from the rear platform of the train to shake hands with a number of employees of the railroad shops there. The train ran through Princeton slowly to give the president an opportunity to hastily review several hundred school children that had been assembled near the railroad tracks.

At Huntingburg, Ind., the president said: "Ladies and Gentlemen: It is a great pleasure to catch this glimpse of you and greet you on my way down to the reunion of my old regiment at San Antonio, Tex. There is one thing I am always impressed with in going through this country, and that is that down at bottom, East or West, North or South, wherever you meet the average American he is a pretty good American. In greeting all of you I want to say that while I am particularly glad to see the men and the women, I think I am even more glad to see the children. I think the American stock is a middling good one, and I don't want to see it die out. I see here men who wear the button that shows that they fought in the great war. They have left us a legacy not only of how to do our duty in war, but in peace. Let us of the younger generation try to keep up their standard."

Ready for the President.

Austin, Tex., April 5.—Final preparations for the coming of the president have been completed. The work of decorating the state capitol inside and out is now under way and the business houses of the city are being bedecked in bunting and flags. The legislative reception in the state house at which time the president will be expected to speak and the public reception on the capitol grounds have been arranged to the minutest detail and the drive over the city that will follow will be through the prettiest part of the city.

UNDER CONSIDERATION

Court of Appeals Hears Mrs. Chadwick's Plea for Stay of Sentence.

Cincinnati, O., April 5.—Judge Francis J. Wing, counsel for Mrs. Cassie L. Chadwick of Cleveland, appeared before Judges Lorton, Severens and Richards in the United States circuit court of appeals in this city and moved that her sentence be stayed until the United States circuit court of appeals shall hear her appeal, or until final judgment be rendered in the court of last resort. United States District Attorney John J. Sullivan, also of Cleveland, was present during the hearing of the motion as the representative of the government. After hearing the motion presiding Judge Lorton announced that the court would take the matter under consideration.

After Alexander's Scalp.

New York, April 5.—The fight in the Equitable Life Assurance Society assumed a new phase last night when several letters that have heretofore been carefully kept secret were made public. Further interest was aroused by a persistent report emanating from an apparently reliable source and so far not denied, that Vice President Hyde and his friends in the society had decided to assume the aggressive. According to the report the Hyde party will force James W. Alexander and Gage E. Tarbell to retire from the presidency and second vice presidency respectively of the society at the meeting of the board of directors to be held next Thursday.

Strike on Chicago Postoffice.

Chicago, April 5.—Work on the post-office building was practically suspended when 150 members of the building trades employed in finishing work quit work in sympathy with the steamfitters who struck last week because the contractors attempted to replace union men with non-union men.

At the Seat of War.

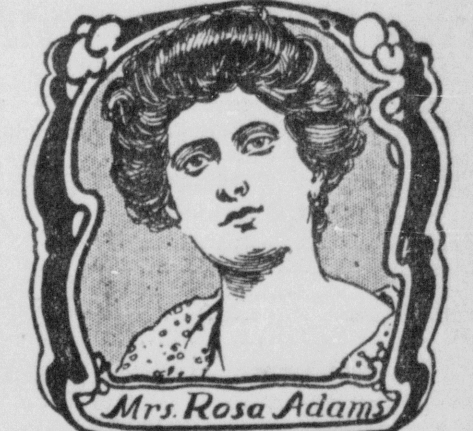

Harbin, April 5.—Affairs at the front generally are quiet, except for skirmishing by General Mischenko's Cossacks.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:—

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

CAUSE UNKNOWN

Illinois Mine Disaster Being Officially Investigated.

Carbondale, Ill., April 5.—Thirty-seven bodies of miners who lost their lives in the gas explosion at the mine of Joseph Leiter at Ziegler, Monday, have been recovered, and it is supposed several more are in the mine. The exact number of dead will probably not be known for some days, or at least not until the mine has been cleared of gas and persons may enter with safety.

Among the dead is William Scott Atkinson, state mine examiner, for the Seventh sub-district, who lost his life in an attempt to perform his duties as mine inspector and reach the bodies of those who were entombed. All the mines in the Seventh sub-district have been ordered shut down on Friday next, the day of his funeral, and special trains have been ordered so that the 10,000 miners can attend the funeral.

A coroner's jury empanelled to inquire into the cause of the disaster has so far rendered no verdict. The taking of evidence may be prolonged several days. So far the cause of the explosion is not known.

DEADLY EXPLOSION

Cartridge Factory Lets Go With Fatal Force at Bridgeport.

Bridgeport, Conn., April 5.—In a terrific explosion that blew to pieces one of the brick buildings of the Union Metallic Cartridge company shortly before the close of the day's work yesterday, three men were instantly killed. The explosion occurred in the dry house where primer caps are dried on long steam pipes. In some manner one of the caps was discharged and the explosion followed. The foundations of every building were shaken as if by an earthquake and the explosion was felt in houses within a radius of a mile.

Mayer Johnson Stands Pat.

Cleveland, O., April 5.—Mayor Johnson has refused to comply with the city council resolution that he either apologize to the members of that body whom he accused of accepting bribes directly or indirectly, or to take the charges into court. The mayor said that he would not do either and asserted that he still believes that "certain interests" had more influence with the votes of certain members of the council than the interests of 40,000 voters.

Haytians Are Dismayed.

Port au Prince, Hayti, April 5.—The United States cruiser Brooklyn has arrived here. A large number of Syrian stores have been opened under the protection of the government authorities. The majority of the population which believed the expulsion of the Syrians on April 1 was certain are disappointed at the delay, but there have been no disorders.

Will Report to Legislature.

New York, April 5.—Senator Frederick C. Stevens, the chairman of the legislative committee that is now investigating the gas and electric light companies of this city says that the committee expects to complete its investigation in ten days or two weeks and then promptly present its report and some bills to the legislature.

GOVERNOR Hanly and wife will soon move from the Claypool Hotel to 1208 North Alabama street where they expect to reside during his term of office. They appreciate living at home better than at a hotel.

KEEP an eye on our advertising columns. You will find something in this store news to interest you. The Seymour merchants have a splendid line of spring goods and their stocks are large and well chosen. Their prices are right too.

THE socialistic notions of Judge Dauré prevailed in the Chicago city election and he was elected mayor of that city by about 20,000 plurality. It is Chicago's misfortune that Harlan was not chosen over Dauré and the people there will likely realize their mistake later on.

THE town council of Oakland City has passed an ordinance fixing a penalty of \$1 to \$10 for persons allowing chickens to run at large within the corporation limits of that town. Evidently only a part of the people of Oakland City are in the poultry business. The others probably grow garden truck.

A SHELBY county man has been bounced out of \$1,300 by a stranger who represented himself as a long lost member of the family who had not been heard of for twenty-five years. He appeared at the old place, got into the good graces of the family and then got his hands on \$1,300. Then he left and no one believes now he was the long lost son.

THE REPUBLICAN has received a copy of the Acts of the 64th General Assembly of Indiana through the courtesy of the county clerk. The distribution of the Acts over the state is being made and it is probable that the new laws will be in full force by April 15. Since the laws are to be in effect so soon one man remarks that cigarette dealers had better get rid of their stock on hand.

A COLUMBUS exchange relates the improbable story that already two men in that vicinity, after making oath to their assessment lists and then spending a few sleepless nights because of a troubled conscience, hunted up the assessor and voluntarily raised their assessments \$500 each. If any more Bartholomew county taxpayers follow the example of these two please report names and addresses.

THE passage of President Roosevelt through the country on his vacation trip clearly demonstrates that he is still as popular with the masses as when he was a candidate for the Presidency. This popularity comes from his rugged honesty and plain dealing. Note how at every stopping place of his train he jumps off and shakes hands with railroad men and farmers, not afraid of a little grime and dirt, nor of being jostled a little by those who toil, but rather courts this mixing with the plain people, showing at once that his heart is right and that he is one of the people and anxious to serve them, and the people love Theodore Roosevelt because of this. Would that there were many more such as he.

Disbanded.

The company that has been out playing "The Gentleman from Indiana" the past six weeks disbanded at Muncie Monday night. The play has been a disappointment from the first and has been severely criticised by dramatic critics. But the author, Booth Tarkington, will not give it up and has decided to reconstruct the play and hopes to make something out of it yet.

Close of School.

The Beech Grove school closed Wednesday with a big dinner supplied by the patrons of the school and a very interesting program given by the school in the afternoon. The teacher of this school the past term was Leonard Gillespie and he taught an excellent school and the patrons are well pleased with the progress their children made under his instruction.

CLUB WOMEN

Well Satisfied With Work of Recent Legislature.

The Indiana Federation of Women's Clubs in which the Tuesday Club of this city holds membership, has a very kindly feeling towards the recent legislature. Most of the measures championed by these club women of Indiana became laws and the Federation expresses its gratitude through Mrs. S. A. Hays, chairman of the committee on legislation. In a communication Mrs. Hays enumerates bills passed by the legislature in which the Federation took a hand and briefly states their provisions as follows:

Senator Parks' anti-cigarette bill which forbids any person, directly or indirectly, upon any pretense or by any device, from manufacturing, selling, exchanging, bartering, giving away, or keeping for sale any cigarette, cigarette paper, cigarette wrappers or any paper made or prepared for the purpose of being filled with tobacco to be used as cigarettes, or to keep or own cigarettes, cigarette papers or wrappers. The penalty is a fine from \$25 to \$50 to which may be added jail sentence.

Senator Moore's temperance bill which is an amendment to the Nicholson law making a remonstrance good for two years and may be made applicable to any or all applicants in a ward or township.

Representative Keyes' bill creating a state laboratory of hygiene, received the support of these women. The purpose of this is to make analyses of foods and drugs put on the market and to aid in the enforcement of pure food laws and in the general laws of health.

The law enacted for the establishment of an institution where epileptics can be treated and cared for also received their support.

Senate Bill No. 64, which provides for the separation of the women's prison and the Industrial school for girls, carrying an appropriation of \$235,000 had their support.

Representative Dausman's bill in the interest of forestry and the preservation of forests was another in which they had a part. Mrs. Hays says:

"The members of the Federation feel under many obligations to the Senators and Representatives, whose votes and influence caused the placing of these laws upon the statute books."

Son Succeeds Father.

George S. Clark has resigned the Agency of the Adams Express Company in this city. He has held this position for eighteen years and is now going into the poultry business and will make a specialty of raising Black Minorcas. He has bought Dr. J. M. Shields' place consisting of six acres at the west end of Seventh Street and he and his family will move there on April 15th.

Mr. Clark has served in this capacity as agent with perfect honesty and integrity, and has faithfully carried out all his duties and responsibilities and proved himself a model expressman.

The transfer of the Agency was made to his son William Clark, who is thoroughly qualified for the position, having practically grown up in the work and having a full knowledge of the express business. He is a worthy successor to his father who retires with the best wishes of the people of Seymour.

Building Boom.

The town of Crothersville is taking on an air of prosperity that is pleasing to the people of that village. Though it is yet early in April nine new residences are already under way there and the people say that as many more will be erected during the summer.

Mrs. E. M. Young has just received a large stock of millinery goods today consisting of the finest pattern hats on the market from Louisville, Chicago and Cincinnati. The opening will continue each evening this week. Good music each evening.

BEWARE OF THE MAN

Who First Makes You Blind Before He Can Make You See—A Voluntary Statement by One of Seymour's Most Prominent and Respected Daughters

My eyes have been a source of constant worry to me. Having no Specialist in our city was obliged to go to Cincinnati where an Oculist found my eyes in such a bad and weakened state that he sent me to a Specialist.

These lenses did very well for a time and finding I needed a change, decided to go to Dr. Harsch. In these glasses I am more than pleased.

Dr. Harsch tests are the most simple and pleasant I have ever experienced, in that he uses no medicine with his work and thus no escapes the nauseating after effects of belladonna or Atropine that so many Specialists use.

I would advise any one suffering with any eye sight trouble to consult him at once and find the comfort one finds in a perfectly fitted pair of lenses.

Respectfully,

MISS HELENA HUSTEDT,

11 E. 2d St. Seymour, Ind.

Dr. Geo. W. Warner, a Medical practitioner for 40 years in this section now residing at Crothersville

Has this to say: "During my life I have had much refracting done, having worn lenses for a great many years and have been fitted by the best Oculists in the large cities. I want to say this for Dr. Harsch that the correction he made for Mrs. Warner and myself is by far the best we have ever had the pleasure of wearing, and perfect lens power to those who require this artificial assistance so necessary to many of us, means much. I imagine many people think they have the best, as I did, because I had been to the cities. If there is a question in your mind, if you have a single unpleasant symptom, take my advice and consult Dr. Harsch. I have gone over the matter of refracting and eye sight troubles with this gentleman many times during the past ten months, and as a medical practitioner for years, believe I am in a position to recognize the real ability that he possesses, and gladly recommend him for the good he can do for humanity."

Mrs. Dorothy Leppert, the respected widow of the late Rev. Leppert,

Now residing at Surprise says:—"For years I tried, but in vain to have lenses made that would give satisfaction. Most of the time I carried two pair around, neither of which gave me good vision. Early last fall Mr. and Mrs. Harsch made me one pair of lenses which I use for distance, and for close work and they are grand. I am now seventy but I see as well as I did at twenty. I have no pains in my temples or in back of my head, caused by trying to see, with such lenses as I now have, I would not sell them for \$1,000, could I not replace them."

From a Prominent Crothersville School Teacher, Miss Ethel Wiesman.

We received the lenses last Wednesday and can truly recommend you to our friends. Mamma's eyes are getting better. Enclosed find P. O. order for balance. Mrs. Wiesman was suffering from primary granulation and the daughter was unable to pursue her duties at school on account of eye strain headaches.

We could fill an ordinary newspaper for months with testimonials. If you have eye sight troubles come to us for relief, your money back if not satisfied. Mr. and Mrs. Harsch, 71 North Chestnut street.

Topics For Farmers.

The following topics have been handed us for the consideration of the farmers at their institute work during the year. Soil, grain crop, leguminous crops, forage crops, pastures, stable and green manures, commercial fertilizers, horses, cattle, sheep, poultry, bees, principles of feeding, fitting and marketing live stock, farm dairy, creamery, silos, orchard fruits, small fruits, kitchen garden, market gardening, forestry, bird protection, farm accounts, arrangements and buildings, highway improvements, domestic science, sanitary homes, agricultural education, agriculture in country schools, and rural school improvements.

It is the pleasure of the chairman to give to the farmers just the subjects they desire to hear discussed and the speakers to discuss them. We trust that the farmers will be interested enough to communicate with the chairman as to the above or as to any other subjects they want presented to the institute.

D. W. RAPP, Chairman.

Fire At Bedford.

Tuesday afternoon Bedford experienced a \$15,000 fire. The fire started in the Box 1 very stable and was communicated to some frame buildings adjoining the stable on the east. One saloon, a restaurant, two plumbing shops, grocery store, a candy kitchen and the Enterprise Manufacturing Company were among the losses. The Home Telephone Company, composed of the same people that control the telephone system here, suffered a loss estimated at \$2000. The origin of the fire is a mystery. The stable where the fire started was unoccupied.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube be restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.

The Kind You Have Always Bought Bears the Signature of

Life a Burden

There are times when life seems a burden—when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health, as far as my advanced age will permit, as I am 52 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Restorative Nervine, I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me."

MRS. E. C. BAWLEY.

MODERN WOODMEN

Will Send Rev. Harley Jackson To
The State Camp.

There was a county delegate meeting of Modern Woodmen at the Woodmen Hall in this city today. The purpose of the meeting was to choose a delegate to represent the Woodmen of Jackson County at the State Camp to be held at South Bend in the month of May. Representatives were present from Brownstown and Crothersville Camps, who with the delegates from the Seymour Camp elected Rev. Harley Jackson delegate and T. J. Gore alternate. It was also decided at this meeting that an effort should be made to secure the meeting of the State Camp for this city next year. This is a meeting worth going after and the citizens generally should render what aid they can. The State Log Rolling will be held in Seymour this year and the local Woodmen are preparing to make it the best ever held in the State.

RUN DOWN AND NERVOUS.

Vinol Completely Restored Mrs. Burns' Health.

W. F. Peter Drug Co. Agree to Return Money if Vinol Fails.

"Many people right here in Seymour are all run down, hardly able to drag about, don't know what ails them. This condition is probably caused by a cold or cough, which is hard to cure overwork, or too close confinement to business. Such people need Vinol," said Mr. Peter of the W. F. Peter Drug Co., and the following letter is only one of the many which we are constantly receiving showing what Vinol will do.

Mrs. W. T. Burns, of Memphis, Tenn., who is national press correspondent of the W. R. C., writes: "Last winter I caught a severe cold which it seemed impossible for me to get rid of. I became much run down, lost my appetite and flesh and felt nervous and irritable. Vinol was recommended, and it certainly worked wonders for me; it increased my appetite, cured my indigestion, cough and nervousness, and I sleep soundly. I consider Vinol a wonderful remedy."

Vinol cures such conditions because

MRS. W. T. BURNS.

it is the only preparation in the world that contains every one of the fifty odd medicinal curative elements found in fresh cods' livers and without one drop of useless oil, which characterizes old-fashioned cod liver oil and emulsions. It imparts in a natural manner strength and vigor to every organ of the body, aids digestion and makes rich, red blood.

Vinol is not a patent medicine, everything is printed on the bottle; it contains iron, and in a highly concentrated form, all of the vitalizing properties contained in cod liver oil. It is delicious, and the weakest stomach can retain it.

We ask every run down, nervous, debilitated, aged or weak person in Seymour and every person suffering from stubborn colds, hanging-on coughs, bronchitis or incipient consumption to try Vinol on our guarantee. It costs nothing if it fails to give satisfaction. W. F. Peter Drug Co.

Preparations Continue.

The interest in the Fiftieth Anniversary of the First Presbyterian Church suffers no abatement. The Invitation Committee has issued invitations to as many former and non-resident members as they could locate, and quite a number have been accepted. Invitations have also been extended to former ministers of the church and a number are expected on the day of celebration. A large crowd and enthusiastic services are anticipated.

Expensive Pistol.

Down in Kentucky a man, by means of a \$12.50 pistol, introduced a small quantity of lead into the anatomy of a school teacher, and the court required him to pay the school teacher \$1,250 as compensation. The first cost of the pistol is not great, but it resembles the automobile in that the up-keep may involve the owner in seventeen kinds of trouble.

Farmer's Hard Fall.

James McKelvey, a prominent farmer residing near Sardinia, met with a serious accident Sunday evening at 6 o'clock. He had gone up into the hay mow, and by chance in the darkness, stepped into an opening and fell through to the floor with great force. He was found lying unconscious, picked up and carried to the house, and is still in a serious condition. It is thought he is injured internally and being past seventy-five years of age he may not recover.

Mrs. Chas. Horning and daughter, of Indianapolis, came down today to visit relatives at Reddington and Chestnut Ridge.

MALARIA A Poison Breathed into the System

The air arising from low, marshy places, damp cellars, stagnant ponds and pools and from decaying vegetable matter, as well as the gases from sewers, is loaded with germs of malarial poison. The water we drink, that has not been properly filtered and purified, is also full of these germs and microbes, and as we daily breathe and drink millions of these into the system, to be absorbed by the blood, the entire body begins to feel the effects of the poison. The most common form of Malaria is "chills and fever," 913 W. Market St., Louisville, Ky. I. SHAPOFF.

MALARIA IN HIS SYSTEM FOR YEARS.

For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. It entirely cured me; I have never been troubled since. 913 W. Market St., Louisville, Ky. I. SHAPOFF.

The Medicine That Cures.

Remo, Okla., May 11, 1908.

Wine of Cardui absolutely does cure sick women. I consider it the most valuable medicine, and it is the cheapest cure any sick woman can use, as it takes as a rule, only a few bottles to effect a complete and lasting cure. I especially recommend it for uterine or ovarian troubles, inflammation and ulceration, painful, profuse or scanty menstruation and it is a most valuable adjunct to use during the gestative period, insuring easy childbirth and speedy recovery.

It should have a place in every home as it is a true friend to wife, mother and maiden and I most heartily recommend it.

Dr. E. Buchanan
WRITER AND LECTURER.

Dr. Mrs. Buchanan is an authority on the science of medicine and certainly appreciates the great work physicians are doing for the relief of sufferers. But this does not deter her from expressing her views in praise of Wine of Cardui.

Mrs. Buchanan's high intelligence and long and successful experience render her advice of great value. Wine of Cardui regulates menstruation, cures bearing-down pains and relieves suffering women of the pain and misery to which their sex is heir. You have the word of Dr. Buchanan and thousands of other eminent women that Wine of Cardui will completely cure you.

All druggists sell \$1.00 bottles Wine of Cardui.

SHOT BY A MANIAC

Dr. Washburn at Rensselaer the Victim of Demented Ex-Soldier.

HAS A SINGULAR MANIA

Joseph Marshall, Who Saw Service in the Philippines, Had Intense Hatred For Shoulder Straps.

Invaded Home of Capt. Washburn of the Indiana National Guard, With a Revolver.

Rensselaer, Ind., April 5.—While Dr. L. B. Washburn, one of the prominent young physicians of this city and his wife were seated in their parlor conversing together, the front door was suddenly thrown open and, rushing into the room, revolver in hand, Jos. Marshall, oldest son of Attorney Ralph Marshall of this city, opened fire on the physician. Washburn jumped the moment his assailant fired, and the bullet penetrated his left leg just below the knee, shattering one of the bones and lodging in the fleshy portion of the limb.

Marshall immediately ran from the house and was later found in a graveyard about a quarter of a mile down the river. He was lying in the grass and seemed in great terror. The young man has been mentally unbalanced for some time.

He was in the regular army and saw service in the Philippines, and it is said he has always had an intense hatred for any officer who wears shoulder-straps. Dr. Washburn saw service with the First Illinois Infantry during the Spanish-American war. He was also the organizer and former captain of Company M of this city, a member of the Third Indiana Infantry. He now holds a commission as surgeon with the rank of captain in the Third Infantry.

LADOGA BANK FAILURE

Liabilities Are Now Estimated at About \$109,000.

Ladoga, Ind., April 5.—As near as can be figured out at this time the liabilities of the Bank of Ladoga amount to \$109,000. Of this sum \$5,000 is owed to a national bank at Indianapolis and \$5,000 to the Central National bank at Greencastle. The bank deposits amount to \$25,000. It is said there are no other claims against the bank, and that \$109,000 is the sum total of its indebtedness. There are on hand commercial papers valued at about \$35,000, while the cash on hand is about \$2,100, and it is expected to realize about \$40,000 from the sale of manufacturing plants. It is expected the stockholders will have to raise about \$36,000, and if they do this the claim is made that the bank will pay out.

Former Representative Knox, who is president of another bank here, has been made assignee of the Bank of Ladoga. It is known that money was received by the bank up to within a few hours of the time that it closed its doors, and there is a feeling that someone will be prosecuted for receiving this money. If the bank here does not pay out there are a number of business men in both this and surrounding towns who will suffer severely.

Boys Make Good Catch.

Hammond, Ind., April 5.—Two unsophisticated farmer boys, George Jung and G. C. Gromes of Shelby, effected a notable capture in which the police and detectives of two states had been unsuccessful, and arrested two horse-thieves, supposed to be leaders of a gang operating in northern Illinois and Indiana. Last Friday William Warner's livery stable at Joliet, Ill., was entered and two valuable horses were stolen. While hunting on the Kankakee in Newton county the boys found the thieves in the act of driving away. They covered them with their shotguns, compelled them to enter a boat and row across the river, where the boys imprisoned them in a barn, where they were held until the Hammond authorities arrived. The thieves confessed their guilt, registering their names as Leo Meyers and Carl Schmidt, with their homes "nowhere." They were imprisoned at Crownpoint, while Jung and Gromes lay claim to the \$500 reward offered by the Illinois authorities.

No Charge Against Him.

Portland, Ind., April 5.—William Chapman, who killed John Stelzer in a lumber camp in Wabash township last October and then disappeared, returned and surrendered to the authorities. The prosecutor informed him there was no charge against him, the coroner's inquiry showing that he acted in self-defense.

Death List Grows.

Princeton, Ind., April 5.—John Dill, twenty-one years old, the ninth victim of the coal mine disaster, is dead. Dill's father died a week ago as a result of the same accident. Out of ten men killed or injured, General Cole is the only survivor. He will recover.

Progress Is Slow.

Hartford City, Ind., April 5.—The trial of Mrs. Ollie Sanderson for the murder of her husband continues without much interest and no sensational features. The defense is presenting its side of the case, but progress is slow.

Doan's Kidney Pills cures all kidney ills.

Seymour people testify to this. Mrs. Jane Combs, of Cincinnati Ave., says: "I procured Doan's Kidney Pills from my family suffered greatly from their back and kidneys and I insisted on their taking a course of the treatment. They did so and were soon benefited. I also used the remedy myself with good results. Doan's Kidney Pills strengthen the kidneys, remove backache and banish annoyances arising from difficulty with the kidney secretions. I recommend them heartily to others in need of a reliable kidney remedy."

Candidate for Asylum.

Topeka, Kan., April 5.—An insane man who gives his name as J. Everest Worthington, whose former place of residence the police have been unable to learn, was captured within a block of the state house where he said he was going to kill Governor E. W. Hoch. Worthington is now in the county jail and will be sent to an asylum.

Standard's Critic Will Talk.

Topeka, Kan., April 5.—Thomas W. Lawson of Boston will address the Chautauqua, Ottawa, Kas., this summer, taking as his theme the Standard Oil company. An invitation extended by Governor Hoch has been accepted.

The Rheumatism Germ.

Some time ago a circular germ belonging to the same family as the pneumonia germ was announced as the cause of acute rheumatism. Subsequent investigation has tended to confirm this statement, according to Dr. J. M. Beattie of the University of Edinburgh. When artificially grown in milk or bouillon the germ produces a marked acidification of these fluids, and when animals are inoculated with it a train of symptoms and lesions similar to those of acute rheumatism in man occur. For these reasons, says Dr. Beattie, the "micrococcus rheumaticus" may be considered a special organism and the cause of acute rheumatism.

A POPULAR EXECUTIVE

Governor Hanly in Great Demand For Public Speeches.

Indianapolis, Ind., April 5.—Governor Hanly went to Marion today to make an address before the Y. M. C. A. Since he has cleared up the work of the legislature and made the most of the appointments at his disposal he is beginning to accept more invitations to speak. Probably no one in public life in this state has more invitations from his own people to make addresses. The governor will accept as many as possible but he is so busy here that it is difficult to get away. Just now he is giving the police boards considerable attention as there have been complaints from several cities, notably from the gas felt that the laws are not being strictly enforced. He is looking into the matter and where the members of the police boards fail after warning to enforce the laws as they should they will be removed from office. The governor is appointing no men who will not promise solemnly to enforce all the laws.

The failure of the Bank of Ladoga has again called the attention of the public to lack of supervision of private banking institutions. Captain Alexander M. Scott, cashier of the defunct institution loses his entire fortune by the failure and at the age of sixty-nine is facing the world without a cent, according to his own statement. Only a few weeks ago he was here lobbying against the enactment of a law for the supervision of private banks and to prevent the loaning of the banks' funds on property in which the officers were interested. Of course the law would have been too late to prevent the failure of Ladoga but it seems a cruel irony of Captain Scott's misfortune to have the need of a rigid private banking law so forcibly illustrated. The private banking law enacted by the recent legislature was a make-shift affair so full of holes that it will probably fail to accomplish the purpose of the men who were responsible for its introduction. It is regarded, however, as a good start in this legislation.

Congressman E. D. Crumpacker of the Tenth district is arranging his affairs to accompany Secretary Taft and his party of congressmen, senators, cabinet members and other notable to the Philippines. He says they will sail July 8, according to present arrangements and be gone for several weeks. It is probable that he will be the only member of the Hoosier delegation to take the trip as Congressman Watson, who has been invited will probably not accept. Congressman Crumpacker was last year re-elected for his fifth term and will have no opposition for renomination next year. His record is such that his constituents are enthusiastic for him. There is considerable talk now and then of running him for governor in 1908, but it is understood among his close friends that he prefers to remain in congress so long as he is in public service.

Big plans are being made for the opening of the American association ball season here April 13, when the Milwaukee team will be the Hoosier's opponents. New grounds have been completed and it is said they are among the finest in the country. Manager Barrows believes he is getting together a club of pennant winners for this city and the fans are agog with excitement. The club looks good on paper and the fans are hopeful that it will prove the winner that is now predicted.

A Neglected Indiana Grave.

Colorado Springs, April 5.—A movement has been started here through the local chamber of commerce to have the remains of Lieut. Zebulon Montgomery Pike, the discoverer of Pike's peak, removed to Colorado and either re-interred in this city or on the summit of the great eminence which bears his name. The body of Lieut. Pike is buried at Lawrenceburg, Ind., where it lies in a grave almost neglected.

Housebreakers at Noblesville.

Noblesville, Ind., April 5.—Burglars entered the home of Dr. A. J. Axline, securing \$75 cash, an imported gold watch valued at \$200 and a quantity of silverware. At the home of Elbert Shirks, vice president of the Citizens' bank, burglars took out glass dishes, clothing and silverware valued at several hundred dollars.

Remains of Pocahontas.

Richmond, Va., April 5.—General Fitzhugh Lee, president of the Jamestown exposition company announces that an effort will be made to have the remains of Pocahontas, the Indian princess, daughter of Powhatan, brought from Gravesend, England.

Miners Will Contribute.

Terre Haute, Ind., April 5.—The executive board of district eleven United Mine Workers of America has voted to donate \$2,000 for relief of widows and children of miners killed in the explosion at Princeton, March 22.

Prince's Car Killed Woman.

Rome, April 5.—While Prince and Princess Brogli were riding in a motor car to Naples at the speed of forty-five miles an hour their car ran over and killed a woman. The prince was arrested.

Convalescent Victim.

Shelbyville, Ind., April 5.—George B. Thurston shot and severely wounded by George Dipple, his brother-in-law, is convalescing.
